

Part# 7669

Note: When installing the mount, start all bolts and mount the alternator before tightening.

NOTE: Some heads have 3/8" bolt holes and some have 7/16". This kit includes both sizes of bolts for these holes.

If your head has 7/16" it will be necessary to enlarge the corresponding holes in the mount to 7/16".

Belt info. We use a belt length of 52-53" with this mount on installations in our shop. However; this can vary with the diameter of your pulleys.

Standard belt widths are 3/8" and are designated by the first number in the belt part number. Belt width by brand are as follows:

Gates: 7 Series followed by length

AC Delco: 15 Series followed by length

Dayco: 15 Series followed by length

NAPA: 15 or 25 Series followed by length
